ABOUT ME

Currently following a cybersecurity Master in Radboud University. Deeply interested in cybersecurity and systems architecture design.

My hobbies are climbing, learning niche skills and playing CTFs! When I have time I try to take care of my plants :)

I consider myself determined, positive and versatile. I am always trying to achieve my goals.

I believe in consistency, hardwork and teamwork. I am experienced in international environments and take pride on what I do.

COMPUTER SKILLS

I am experienced in the following tools and languages.

- **Languages:**
 - Java
 - Python
 - C
 - Haskell
 - Assembly
 - JavaScript
 - SQL
- **Frameworks/Libraries:**
 - SCRUM
 - CI/CD
 - Spring Boot
 - React
- **Tools:**
 - Git
 - GitHub Actions
 - Docker
 - Jupyter Lab
 - LaTeX
 - Kali Linux Toolkit

WORK EXPERIENCE

- Current **Student Assistant in New Devices Lab** **Radboud University**
I help students during the engineering process of embedded systems.
- Current **Student Assistant in Hacking in C** **Radboud University**
Guide students through core concepts of C language and explore possible exploitations.
- Current **Junior Consultant** **Sustainable Solutions, HAN University**
Developed software solutions for sustainability-related challenges and conducted applied research. Worked with technologies such as Python, Google Scholar, Microsoft Excel.
- Student Assistant in Operating System Concepts** **Radboud University**
Guided students through complex OS topics such as process scheduling, memory management, and concurrency. Evaluated students' work and assisted them with their inquiries.
- Student Assistant in Object Oriented Programming** **Radboud University**
Assisted in teaching foundational programming concepts in Java, including class design, inheritance, and exception handling. Evaluated students' work and assisted them with their inquiries.

EDUCATION

- Current **Master's Degree** **Radboud Universiteit, Nijmegen, Netherlands**
MSc in Cyber-security
- **Bachelor's Degree** **Radboud Universiteit, Nijmegen, Netherlands**
BSc in Computing Science with an specialization in Software and Cyber-security
- **Semester Exchange** **Kansai Gaidai University, Japan**
Minor in Japanese Language
- **High School Years 2-6** **IES La Minilla, Gran Canaria, Spain**
Ciencias Tecnológicas track
- **High School Year 1** **Colegio Loyola Gumilla, Puerto Ordaz, Venezuela**

CERTIFICATES & TRAININGS

Threat Hunting Training

One day introduction to modern threat hunting.

Orangecon, Netherlands

LANGUAGES

Spanish	Native
English	C Certified
Italian	B
Japanese	Basic
Dutch	Basic

MY PHILOSOPHY

Surround yourself with people who push you to do better and be better.

Be naive enough to start, and stubborn enough to finish.

OTHER

Other work experiences:

- CSU NL - Cleaner
- Traffic Support NL B.V.
- Radboud University – Hall Setter
- Radboud University - Student Ambassador

Other: Driving license (Category B).
