ABOUT ME

I consider myself determined, creative and versatile. Always trying to achieve my goals.

I believe in consistency, hard-work and teamwork. I am experienced in international environments and take pride on what I do.

Currently following a Cyber-security Master in Radboud University. Deeply interested in cyber-security and systems architecture design.

I am passionate about sports, enjoy growing plants and playing CTFs.

COMPUTER SKILLS

I am experienced in the following tools and languages.

- **Languages:**
  - Java
  - Python
  - C
  - Haskell
  - Assembly
  - JavaScript
  - SQL
- **Tools:**
  - Git
  - GitHub Actions
  - Docker
  - Jupyter Lab
  - LaTeX
  - Wireshark
  - Burpsuite
- **Frameworks/Libraries:**
  - SCRUM
  - CI/CD
  - Spring Boot
  - React

WORK EXPERIENCE

2025 – Current	**Student Assistant in New Devices Lab**	**Radboud University**
	I help students during the engineering process of embedded systems.	
2025 – Current	**Student Assistant in Hacking in C**	**Radboud University**
	Guide students through core concepts of C language and explore possible exploitations.	
2024 – Current	**Junior Consultant**	**Sustainable Solutions, HAN University**
	Developed software solutions for sustainability-related challenges and conducted applied research. Worked with technologies such as Python, Google Scholar, Microsoft Excel.	
2024	**Student Assistant in Operating System Concepts**	**Radboud University**
	Guided students through complex OS topics such as process scheduling, memory management, and concurrency. Evaluated students' work and assisted them with their inquiries.	
2024	**Student Assistant in Object Oriented Programming**	**Radboud University**
	Assisted in teaching foundational programming concepts in Java, including class design, inheritance, and exception handling. Evaluated students' work and assisted them with their inquiries.	

EDUCATION

2025 – Current	**Master's Degree**	**Radboud Universiteit, Nijmegen, Netherlands**
	MSc in Cyber-security	
2022 – 2025	**Bachelor's Degree**	**Radboud Universiteit, Nijmegen, Netherlands**
	BSc in Computing Science with an specialization in Software and Cyber-security	
2024 – 2025	**Semester Exchange**	**Kansai Gaidai University, Japan**
	Minor in Japanese Language	
2018 – 2022	**High School Years 2–6**	**IES La Minilla, Gran Canaria, Spain**
	Ciencias Tecnológicas track	
2017 – 2018	**High School Year 1**	**Colegio Loyola Gumilla, Puerto Ordaz, Venezuela**

CERTIFICATES & TRAININGS

2025   **Threat Hunting Training**   **Orangecon, Netherlands**
One day introduction to modern threat hunting.

LANGUAGES

Spanish	Native
English	C1 Certified
Italian	B1
Japanese	Basic
Dutch	Basic

MY PHILOSOPHY

Surround yourself with people who push you to do better and be better.

Be naive enough to start, and stubborn enough to finish.

OTHER

Other work experiences:
- CSU NL - Cleaner
- Traffic Support NL B.V.
- Radboud University – Hall Setter
- Radboud University - Student Ambassador

Other: Driving license (Category B).
